Product data sheet 7901 E-D EAN-No. 4000896148202

Application:

Creating, memorizing and printing professional torque test certificates

- For the electronic torque testers 7901E · 7902E · 7903E
- Including database (update-friendly) of all current HAZET torque wrenches (whose test values range from 1 1000 Nm) and insert tools
- Optional expansion of the database to include data of other manufacturers, further release torque wrenches (click-type), insert tool holders, measuring ranges, test values, units, accuracies and standards
- Software for creating user-own certificate layouts and optional integration of company logos
- Language support. German and English are already available. Using the language tool, the user can create the operating surface, tables and designation of boxes in any required language
- Internet update function
- Detailed documentation included

System prerequisite

Operating system: Windows 7^{\otimes} / Windows 8^{\otimes} / Windows 10^{\otimes} (64 Bit) Memory requirement: minimum 50 MB free hard disk memory

Main storage: min. 256 MB Ports: 1. USB port for software 2. Ports for test devices

COM port (connecting cable included in delivery of the electronic torque test device)

Graphics resolution: minimum 1024 x 768

Attention:

If the hardware does not have a COM port, the testing device can also be connected with an adapter USB to the COM port (RS 232) (not included in delivery)

- Made in Germany
- Net weight: 0.1 kg

Order Number 7901 E-D
