Product design features

- Slim design in strict accordance with the required insulating properties (material strength/overlaps)
- Smooth transitions on switching and moving parts with ergonomic handle design and calibration notch
- Uniform look even when using other components (e.g. red insulated sockets)
- Attractive colour design of the housing and head with signal colours red/yellow
- Handle in black to make a distinction with the colour and to prevent it from quickly appearing dirty
- To prevent disturbing projecting parts (e.g. shift lever)

WARNING:
