JUN IORTOOL 1

EAN-No. 4000896236008

61-pieces

We've even created a great toy tool set for our littlest fans. Supplemented with all kinds of accessories, this set will have them building amazing things. This is a fun way for your little ones to get used to tools at an early age and who knows: maybe they'll become tomorrow's skilled craftsmen and craftswomen? The set includes everything · that would fill any child with glee · so that they can start playing and tinkering and crafting right away.

- Set consisting of 14 toy tools and various wooden-look building blocks including nuts and bolts · all made of plastic
- Includes all the most important "tools" such as hammer · hatchet · pliers · saw · screwdriver · wrench and clamp and all with a realistic play function
- Ideally suited · for children to gain early experience using tools · to screw things together and give them shape and form
- "HAZET Junior" encourages creative work and building with blocks · allowing little ones the opportunity to discover and try out new things in many different ways
- Junior DIY experts can playfully improve their senses and dexterity at an early age, stimulating their physical and mental development
- Highlight: the mechanical "cordless screwdriver", onto which various attachments can be fitted. When the operating lever is actuated, the head of the toy turns and makes a cool assembly noise
- We recommend this set for children aged 3 years old and above. This set is not suitable for children under 36 months · as there is a risk of suffocation from small parts that could be swallowed
- Our tip: order the practical HAZET tote tray 190L-1 along with it so everything has its place
 - 61 pieces · contents:
 - 1 hatchet
 - 1 claw hammer
 - 1 saw
 - 1 screw clamp
