Product data sheet
450 N/10 EAN-No. 4000896**020751**

10-pieces · 6 x 7 – 27 x 32 · ◉ ·

- Surface: chrome-plated
- DIN 3110, ISO 10102
- Made in Germany
- Output: ◉
- Net weight: 1.4 kg

HAZET wrench – high precision tightening and loosening of screw connections

- Long service life due to:
  – High-quality chrome vanadium steel
  – Compacted material structure from drop forging
  – Careful heat treatment
- Correct hardness and dimensional stability as guarantors of wear resistance and high load capacity
- Shape, dimensions and surface design are perfectly coordinated to one another which guarantees functional handling and meets ergonomic requirements
- **Slim construction** through optimum material composition guarantees sufficient freedom of movement even with hard-to-reach screw connections
- HAZET torque values are considerably higher than the DIN ISO requirements for all wrench sizes – here DIN is the minimum requirement
- Slim open-end and box-end head shape does not reduce the wrench's loading capacity, although this is well below the maximum permissible limit value according to DIN ISO
- Number of tools: 10

Order Number	450 N/10
