Product data sheet
450 KV-24

EAN-No. 4000896**231362**

Size 24 mm · ◉

- Slim head
- Shank with sturdy HAZET double-T-profile
- Head set at: 15°
- Surface: with protective insulation
- IEC 60900:2018
- Made in Germany
- Output: ◉
- Wrench size: 24 mm
- Dimensions: 238 mm
- Protective insulation up to 1000 V

HAZET wrench – high precision tightening and loosening of screw connections

- Long service life due to:
  - High-quality chrome vanadium steel
  - Compacted material structure from drop forging
  - Careful heat treatment
- Correct hardness and dimensional stability as guarantors of wear resistance and high load capacity
- Shape, dimensions and surface design are perfectly coordinated to one another which guarantees functional handling and meets ergonomic requirements
- **Slim construction** through optimum material composition guarantees sufficient freedom of movement even with hard-to-reach screw connections
- HAZET torque values are considerably higher than the DIN ISO requirements for all wrench sizes – here DIN is the minimum requirement
- Slim open-end and box-end head shape does not reduce the wrench's loading capacity, although this is well below the maximum permissible limit value according to DIN ISO

Order Number	450 KV-24
Protective insulation	Protective insulation up to 1000 V
