Product data sheet 2140 N-80 EAN-No. 4000896268269

Length: 350 mm ·

- Hickory handle
- With handle protection sleeve
- DIN 1041
- Dimensions: 350 mm

· Splined bolt with washer head

- Ensures a much more secure connection between head and handle than ring wedges or other systems
- Effectively prevents the hammer head from flying off
- Tools can be placed on the hammer head as no components protrude from the head

Quality steel Higher alloy steel

- Higher alloy steel than specified by the DIN standard ensures longer service life of the edge break and the entire hammer

• Steel handle protection sleeve

- Highest level of protection against handle breakage in the event of failure
- Increases the flexural strength thanks to surrounding angled stabilising band

· Hickory handle

- Reduces vibration, extremely resistant to bending and durable
- Three to four times higher load capacity than standard ash handles
- The long-fibered wood structure holds the handle together even when damaged
- Even when the wooden handle has aged, the hammer head flying off is still prevented

Order Number 2140 N-80
