Product data sheet 4960 V-160/2 EAN-No. 4000896218394

2-pieces ·

Application:

Quick and easy removal of rust and dirt from contact surfaces of wheel hubs and brake discs with wheel bolt support

- Prevents falsification of the wheel tightening torques caused by corrosion
- For passenger car wheel hubs to Ø 160 mm
- Inside Ø: 75 mm
- Rotation speed of max. 500 revolutions/minute
- 2-piece set · contents:
 - 1 base component
 - 1 grinding wheel Ø 160 mm
- With 🗆 ½" (12.5 mm) inside square collet chuck for attachment e.g. to pneumatic, cordless and corded impact wrenches
- Wear-resistant: around 100 vehicles per wheel
- · Open-pored abrasive material and cup-formed grinding wheel reduce the formation of dust to a minimum
- No formation of sparks
- Quick and safe application of the grinding pad due to toothing and hook and loop
- Number of tools: 2
