

Product data sheet

1785-150

EAN-No. 4000896133154

- **Easy to use thanks to quick "twist and pull" system:**
Hooks open by rotation and automatically enclose the part to be pulled out, even for vertical application (no readjustment necessary)
- High-quality steel and thermo-chemical treatment ensure the highest spindle pressure load and a high tensile capacity of the hooks
- Flexible, interchangeable spindle tip provides various application possibilities
- Encapsulated mechanics, maintenance-free
- Made in Germany
- Net weight: 2.56 kg
