Product data sheet
612-8 x 10 EAN-No. 4000896**025206**

Size 8 x 10 mm · ◉ ·

- For tube connections, union nuts and male fittings for pipes
- Heads angled at 15°
- Jaw opening 15° slotted
- Shank with sturdy HAZET double-T-profile

Note: For wrenches for working on brake lines see HAZET 612N

- Surface: chrome-plated
- DIN 3118
- Made in Germany
- Output: ◉
- Wrench size: 8 x 10 mm
- Dimensions: 140 mm
- Net weight: 0.05 kg

With 6-point

HAZET wrench – high precision tightening and loosening of screw connections

- Long service life due to:
  – High-quality chrome vanadium steel
  – Compacted material structure from drop forging
  – Careful heat treatment
- Correct hardness and dimensional stability as guarantors of wear resistance and high load capacity
- Shape, dimensions and surface design are perfectly coordinated to one another which guarantees functional handling and meets ergonomic requirements
- **Slim construction** through optimum material composition guarantees sufficient freedom of movement even with hard-to-reach screw connections
- HAZET torque values are considerably higher than the DIN ISO requirements for all wrench sizes – here DIN is the minimum requirement
- Slim open-end and box-end head shape does not reduce the wrench's loading capacity, although this is well below the maximum permissible limit value according to DIN ISO

Order Number	612-8 x 10
