- Higher torque due to the long lever means: More power - less force
 - Higher torque with the same effort
 - Less effort at the same torque due to long lever arm
- High HAZET competence in the development and production of wrenches for over 100 years
- Drop forged in dies developed and produced by HAZET
- High quality in development, production, and the materials used in all HAZET wrenches offer the user the greatest possible security and protection from injury, which means: before a HAZET wrench breaks at all, it warps and "signals" the significant overload to the user!
