## Product data sheet 600 LG-30 EAN-No. 4000896199723

## Size 30 mm · @ ·

- · Loading capacity at least twice as high as DIN
- At least 25% longer than comparable standard wrenches for greater power transmission
- Better accessibility with low-lying screw connections
- Shank with extra sturdy double-T-profile slim design
- · Extra long design
- · Surface: chrome-plated
- · Made in Germany
- Output: 🕲
- Wrench size: 30 mm
- Dimensions: 510 mm
- Higher torque due to the long lever
  - means: More power less force
  - Higher torque with the same effort
  - Less effort at the same torque due to long lever arm
- High HAZET competence in the development and production of wrenches for over 100 years
- Drop forged in dies developed and produced by HAZET
- High quality in development, production, and the materials used in all HAZET wrenches offer the user the greatest possible security and protection from injury, which means: before a HAZET wrench breaks at all, it warps and "signals" the significant overload to the user!
